SKILLS

- Python
- R
- Power BI
- SQL
- MS Office
- Data visualization
- Machine Learning
- Statistics

LANGUAGES

- Czech (native)
- English (professional proficiency)
- German (conversational level)

HOBBIES

Floorball – competitive level
Skiing, tennis, volleyball
Music - piano, guitar
Sports & healthy lifestyle

ABOUT ME

As a data analyst, I focus on how data can be practically used to improve processes, strategies, and decision-making. I master advanced techniques in Python and R, which I use for data analysis, predictive modeling, and data visualization. I believe that combining technical accuracy with a strong understanding of context leads to insights that truly matter.

ZKUŠENOSTI

Faculty of Informatics and Statistics - University of Economics

IGA Project – Financing of Higher Education in the EU 2021 - 2021
